## PRESS RELEASES NOVEMBER - DECEMBER 2007

### MOULIN ROUGE

Moulin Rouge is an exciting new woven collection from Crowson that evokes the excitement and ambience of a night at the Moulin Rouge in Paris.

The designs that very aptly take their names from famous cocktails all work together beautifully to allow many different combinations for both upholstery and soft furnishings.

The colourline is sophisticated to suit today's modern interiors. Colours span the soft minimalist neutrals through to bold magenta, red and turquoise and a dramatic moody black colourway.

Moulin Rouge is a heavy-duty upholstery fabric and meets 32,000 Martindale rubs. It is also suitable for all soft furnishing applications.

### AVANT GARDE

This collection is a masterpiece from Monkwell that is cutting edge in terms of design and the innovative techniques used in the creation of this stunning collection.

There are 4 bold designs – Plaza a gold and silver foiled contemporary, Aquarius a sparkling modern with a raised effect. Crystal a beautiful crushed taffeta and Caprice, which is stylised modern flower design featuring a hand printed flocking technique.

This very special collection has a wonderful palette of a rich red, shimmery gold and bronze tones, a “show stopping” black and white along with an aqua and a superb slate colour way.

The Avant Garde designs are suitable for all drapery applications. Within the book is also Portofino our very successful velvet quality that coordinates beautifully with the Avant Garde colours and is suitable for heavy-duty upholstery and drapery.
